

The Red Team at Pomegranate Community Midwives is seeking a midwife for a locum maternity-leave position ideally starting around November 15th (or as late as January 1st) for at least 18 months.

The position will be full-time as part of a team of four midwives. We hold privileges at BC Women's Hospital and Burnaby Hospital, and have a strong emphasis on homebirth in our practice. Because we are a large team who consistently books full caseload, our schedule is made up of mostly 24-hr shifts, and we emphasize flexibility with regard to vacation time or other days off.

There are two other teams at Pomegranate, and we all function closely, offering backup, support and occasional help with labor sitting, home visits, etc, when things get busy. This means that there are always two other on-call RM's to call for support when needed! In return, working collaboratively and being willing to help out the larger team is an essential part of being part of our team.

Our clinic is located in the heart of East Vancouver. We have a diverse community of clients, a strong referral network, and excellent relationships with our interprofessional colleagues. Pomegranate is a wonderful community hub. We host a popular weekly postpartum support group and have in-house pelvic floor physiotherapy, Registered Clinical Counselor and Registered Massage Therapist as an extension of our midwifery teams. The midwives run monthly Info Sessions alternating between the topics of homebirth and waterbirth. There are also regular classes run in our space: childbirth education, first aid, etc.

Pomegranate is staffed by a very organized administrative team of five who run a tight ship making our lives easy as midwives with extensive administration support. We use OSCAR EMR for all of our charting and experience with OSCAR charting would be ideal.

Interested candidates should send their resume and cover letter to: clare.m.mccormack@gmail.com by September 15th 2019.

Thank you for considering joining our team!

Kat Montgomery, Emma Butt, Melanie Dowler and Clare McCormack
