### **Locum Opportunity July 2018-December 2018**

*(with possibility of full/part time position)*

Aveta Midwifery is an established shared care practice serving New Westminster, Coquitlam, Burnaby, Port Moody, Port Coquitlam, and surrounding communities. We have admitting privileges at Royal Columbian Hospital and have an approximate 20% homebirth rate.

Having served the community for many years we have many returning clients as well as many new families seeking midwifery care in our ever growing community.

Call and clinic is divided equally amongst a team of 3 midwives with supportive back up from colleagues both within the practice and among other community practices. We try to ensure a midwife is not on-call more than 48hrs at a time. We strive to support good self care, family time and work/life balance.

We offer full time administrative support in a lovely warm clinic space close to the hospital, and local shops and restaurants. We have excellent working relationships with our hospital colleagues and have a full client load for the months advertised.

Compensation will be in keeping with the MABC Locum Payment Rates for the locum period. Our hope is that the applicant stay on as a team member or in her own solo/independent practice within the clinic. New Registrants welcome to to apply - we are happy to provide mentorship and support if required.

Applicants can direct their letter of interest and CV to [nicole@ayetamidwifery.ca](mailto:nicole@ayetamidwifery.ca).

Please indicate if you wish to work full time or part time.
