

We are looking for a Midwife who is the right fit to join our lovely established practice in the heart of Vancouver for an 18 month maternity leave from 1st December 2018 to 31st May, 2020. We require applicants to be currently registered (or able to become registered in the next 2 months) in BC.

Pacific Midwifery is a well established practice located at the entrance of beautiful Granville Island in Vancouver. The office is easily accessible by bus, aqua bus and with onsite underground parking. The clinic includes a large but cozy lounge area where we hold prenatal classes and a lactation consultant drop-in. We also have a bright clinic room for seeing clients. There are plenty of amenities around the clinic like cafes, restaurants, market, theatres and the lovely seawall (perfect for a mid-clinic day walk!).

The office is run exceptionally smoothly by our clinic coordinator. Midwives can focus on client care while the clinic coordinator works full time in the office and contends with the majority of the paper work, including billings, referrals, chart preparation, filing and scheduling clients.

We have been working as a team of 3 full time midwives for the last year in a sustainable schedule with an extra long weekend every 3 weeks.

We have a healthy, active home and hospital birth population. The teams at Pacific support one another and frequently back each other up at home births which lends an added bonus for clients.

Remuneration will be based upon the MABC and Department of Midwifery of Vancouver Locum fee guideline document.

If you are interested in joining us at Pacific Midwifery then we would love to hear from you. Please email your interest and/or questions to [pmidwife@gmail.com](mailto:pmidwife@gmail.com) with the heading "Midwife Position".

Happy baby catching! Thanks for your consideration.

Carolyn Hunt, Terry Lyn Evans and Jesse Brown.
